and Android

PNW Current Atlas

The PNW Current Atlas app brings a fast and easy way to view current prediction charts for the Juan de Fuca Strait / Strait of Georgia regions on your mobile device. This includes complete coverage of the US San Juan Islands, the Canadian Gulf Islands, and the Eastern Juan de Fuca Strait and more.

- ▶ View any date/time within a tide cycle
- ▶ Jump to the prediction for Now
- ▶ Go forwards or backwards in time
- ▶ Zoom into predictions to see more detail
- ▶ No Internet connection needed
- ▶ Free yearly updates of predictions
